POWERCUBE - MANAGEMENT REPORTING

imperial

POWERCUBE: MANAGEMENT REPORTING

A COMPREHENSIVE, WEB-BASED REPORTING SUITE WILL ALLOW THE COUNCIL TO INCREASE EFFICIENCY AND TO ALLOCATE SCARCE RESOURCES TO WHERE THEY ARE MOST NEEDED. POWERCUBE ALLOWS MANAGERS TO CREATE THEIR OWN REPORTS AND USE THEIR DATA INTELLIGENTLY TO IDENTIFY TRENDS AND SOLVE PROBLEMS.

Drill-down on data
Powercube generates 'dynamic reports' to enable users to formulate strategy by providing visual analysis of trends and changes that are easy to interpret.

Monitor KPIs
Powercube enables managers to quickly access high-level performance information 'at a glance' and make appropriate, informed decisions

Management dashboards
These can be created using drag and drop on mobile device or desktop

Security of management information
Data is protected with layers of permissions, authentication and history.

Web-based
The system is accessible via a web browser to facilitate remote working.

Contextualized smart search

Report integrity
All reports maintain their integrity, even with data ranges being pulled from across all operations.

Easily manage FOI requests
Freedom of information requests are made quick easy to respond to.
